<b>Description</b>	

#### History

**#1 - 12/31/2013 08:05 AM - Ohad Levy**

ideally, we should really have a base controller + api/ui base controllers... there is a lot of useful code in both current base controllers.

**#2 - 01/06/2014 02:55 PM - Dominic Cleal**

Careful though, as find\_resource has some differences in how IDs are parsed out of URLs (UI is id-label, while API is either id or label).
