Hello Ohad,

I used changeset 66125af69149e9cd0aa0ce9fd71abf93cf82909e. URL "host detail" is opening well, but I not see activity for my puppet agent (see file report1.jpg). On url "Reports" activity for host with agent 2.6.1 is NULL also (see file report2.jpg). But on url "report detail" I can see metrics changes and notification about file creation (see file report3.jpg).

This bug is closed. Should I create new?
