Description		
To recreate bug:		
<ol style="list-style-type: none">1. create a hostgroup2. add puppet classes to host group3. nest a new hostgroup under the first one4. go to puppet tab. No puppet classes are shown5. click submit6. edit the new host group. Puppet classes are shown this time.		
We expected that during step 4. the puppet classes included in parent hostgroups to be shown
