

Katello - Bug #4052

There are inline styles on the system events page

01/16/2014 05:47 PM - Katello Issue Migration

Status:	Closed	Fixed in Releases: Found in Releases: Red Hat JIRA:
Priority:	Normal	
Assignee:		
Category:		
Target version:	Katello 2.0	
Difficulty:		
Triaged:	Yes	
Bugzilla link:		
Pull request:		
Description		
Tsk, ts.		
https://github.com/waldenraines/katello/blob/master/engines/bastion/app/assets/bastion/systems/details/views/system-events.html#L23		
https://github.com/waldenraines/katello/blob/master/engines/bastion/app/assets/bastion/systems/details/views/system-events.html#L25		
Steps to Reproduce:		
1. Look at above code		
2. Notice inline styles		
Please apply these styles in a stylesheet instead.
