Target version: Katello 2.0	
Difficulty:	Fixed in Releases:
Triaged: Yes	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description	
<p>Candlepin 0.8.14 allows me to grab a list of all deleted consumers, with an optional date param. Can a katello api passthrough and katello-cli api binding be added for this?</p> <p>The url is /candlepin/deleted_consumers, and the "date" query param controls the date. This will return a json list of deleted consumers.</p> <p><i>Created: beav on July 02, 2013 17:10 +00:00</i> <i>Imported from https://api.github.com/repos/Katello/katello/issues/2575</i></p>
