<b>Pull request:</b>	
<b>Description</b> I have a script that populates orgs into Katello. However, I still need to create an initial org during Katello setup; this org is never used. Can the installer be changed to optionally not create an initial org?  <i>Created: beav on May 20, 2013 14:48 +00:00</i> <i>Imported from <a href="https://api.github.com/repos/Katello/katello/issues/2340">https://api.github.com/repos/Katello/katello/issues/2340</a></i>	

#### History

##### #1 - 06/05/2014 03:27 AM - Eric Helms

- Tracker changed from Bug to Feature
- Category set to Installer
- Triaged set to Yes

##### #2 - 08/18/2014 11:57 AM - Eric Helms

- Status changed from New to Closed

With the addition of initial org/loc into Foreman and thus options into the installer, this can now be performed by clearing those options from the answers file.
