Foreman - Bug #4176

Compute resource name and display issues

01/24/2014 10:14 AM - Dominic Cleal

Status:	New		
Priority:	Normal		
Assignee:			
Category:	Web Interface		
Target version:			
Difficulty:		**Fixed in Releases:**	
Triaged:		**Found in Releases:**	
Bugzilla link:		**Red Hat JIRA:**	
Pull request:			

Description

1. View the new compute resource page, the friendly names aren't used (e.g. "Ovirt" instead of "oVirt", "Vmware" instead of "VMware")
2. View the about page under Available Providers, the friendly names aren't used
3. If a provider (bundler group) isn't installed, the "Not Installed" text is white on a light grey background
