Foreman - Bug #4266

Host API doesn't give reasonable response when sending ids of non-existing environments

02/05/2014 02:33 PM - Tomáš Strachota

Status:	Closed		
Priority:	Normal

Pull request:			

Description

API responses 200 when updating hosts with environment_id that does not exist. It should rather respond with 404 to indicate that the desired operation was unsuccessful.

I reproduced that with hosts but I suspect it can be cross API issue.
