

Katello - Bug #4272

gpg info

02/05/2014 08:19 PM - Og Maciel

Status: Closed	
Priority: Normal	
Assignee: Tomáš Strachota	
Category: Hammer	
Target version: Katello Recycle Bin	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description	
Created a new gpg key using the CLI (the UI is still broken) and then tried to display its information:	
<pre>[root@qetello03 ~]# cat /tmp/qbfjzs q31wvp8froyzyny393gmaj8y9nz942qg4hzyupg [root@qetello03 ~]# LANG=en_US hammer -v -u admin -p changeme gpg create --organization-id='ACME_Corporation' --name='foobar' --key=/tmp/qbfjzs GPG Key created [root@qetello03 ~]# hammer gpg list --organization-id='ACME_Corporation' ----- ID NAME ----- 3 y2k5eij 6 52jj3498 1 ja2cpdu 4 lx52 7 foobar 2 nf3l 5 yj8266h ----- [root@qetello03 ~]# hammer gpg info --id 7 ID: 7 Name: foobar Organization: ACME_Corporation Repositories: interning empty string</pre>	
Where it says interning empty string should actually display the content of the file imported. The web UI displays the correct information.
