<b>Description</b>	
Foreman fails to import reports after upgrade to 1.4 with the following message:	
Started POST "/api/reports" for 193.174.240.222 at Mon Feb 10 10:06:25 +0100 2014 Processing by Api::V2::ReportsController#create as JSON Parameters: {"apiv"=>"v2", "report"=>"[FILTERED]"} undefined method `chefproxy_proxies' for #<Class:0x7f3e3fbf84a0> (NoMethodError)	
We do not use Chef but Puppet instead so changing a line in /usr/share/foreman/app/controllers/concerns/foreman/controller/smart_proxy_auth.rb	
1. if !Setting[:restrict_registered_puppetmasters] or auth_smart_proxy(SmartProxy.puppet_proxies+SmartProxy.chefproxy_proxies, Setting[:require_ssl_puppetmasters]) if !Setting[:restrict_registered_puppetmasters] or auth_smart_proxy(SmartProxy.puppet_proxies, Setting[:require_ssl_puppetmasters])	
Fixes the import Problem for me!	

#### History

##### #1 - 02/10/2014 09:16 AM - Dominic Cleal

- Category set to Database
- Status changed from New to Feedback

This indicates an incomplete upgrade, please run foreman-rake db:seed, restart Foreman and then it should work.

<http://theforeman.org/manuals/1.4/index.html#3.6Upgrade>

##### #2 - 04/07/2014 01:54 PM - Soungalo SIDIBE

Its works for me  
thankyou
