

Foreman - Bug #4419

[usability] override parameters UI workflow

02/24/2014 07:18 AM - Ohad Levy

Status: Closed	
Priority: Normal	
Assignee: Ori Rabin	
Category: Web Interface	
Target version: 1.10.0	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request: https://github.com/foreman/foreman/pull/2398	
Description	
When trying to override a parameter with a large set of parameters the user needs to scroll up and down many times. I would suggest to override the value in place, and have a hover / to show the original value with an indicator that it has been overridden. wireframes: https://dl.dropboxusercontent.com/u/5892944/Foreman-Parameters-2015-04-16.pdf

which templates? listing templates? editing templates? templates under the host edit?

#3 - 02/24/2014 08:52 PM - Lukas Zapletal

Provisioning templates, after import from community templates.

But now I see I have "per page" set to 999. Could be the cause for this.
