Katello - Bug #4505

System registration fails with "RuntimeError: Expect initializer"

02/28/2014 02:42 PM - Eric Helms

Status:	Closed		
Priority:	Normal		
Assignee:	Ivan Necas		
Category:	API		
Target version:	Katello 2.0		
Difficulty:		**Fixed in Releases:**

Pull request:			

Description

Fails with - " RuntimeError: Expect initializer to return hash if a group of attributes is defined by lazy_accessor". See attached production.log for full stack trace. After chatting with Ivan, system registration needs to be updated to use the same method found in the V2 Systems controller for creation.
