Description	
<p>When visiting the "Red Hat Repositories" page, there is a dialogue box at the top of the page discussing what to do. The box has an "x" in the upper right which, presumably, would close it. Clicking does nothing. The foreman/production.log shows:</p> <pre>Processing by Katello::UsersController#disable_help_tip as */* Parameters: {"key"=>"katello/providers-redhat_provider"} Rendered text template (0.0ms) Completed 200 OK in 7ms (Views: 0.4ms ActiveRecord: 0.8ms)</pre>
