Pull request:			

Description

Current re-provisioning uses PXE, would be nice to be able to do this without pxe as well.

Associated revisions

Revision c5f5a83f - 12/13/2010 02:20 PM - Justin Sherrill

Fixes #468 - adding a default template for a grubby script which create a default script for redhat distros that will re-install it when executed
