Katello - Bug #4709

hammer CLI katello commands still use underscore in certain cases

03/19/2014 02:06 PM - Mike McCune

Pull request:			

Description

We have moved to make word separators consistent within the CLI and still have some underscores:

1. hammer product

   ...
   remove_sync_plan   Delete assignment sync plan and product.
   set_sync_plan   Assign sync plan to product.

1. hammer subscription

   ...
   delete_manifest   Delete manifest from Red Hat provider
   refresh_manifest   Refresh previously imported manifest for Red Hat provider

1. hammer provider

   ...
   delete_manifest   Delete manifest from Red Hat provider
   refresh_manifest   Refresh previously imported manifest for Red Hat provider

there may be more but this was the first set I could find
