Revision 346b20ee - 04/10/2014 08:26 AM - Greg Sutcliffe

Fixes #4710, #2270 - Wait for VM to become ready before looking for IPs

History

#1 - 03/19/2014 02:39 PM - Dominic Cleal

- Category set to Compute resources
- Status changed from New to Assigned
- Assignee set to Greg Sutcliffe
- Target version set to 1.9.0
- translation missing: en.field_release set to 7

#2 - 03/19/2014 03:31 PM - Artur Martins

Sorry, incorrect version: 1.4.1-1

Nevertheless I changed the files,

- app/models/concerns/orchestration/compute.rb
- app/models/concerns/fog_extensions/rackspace_v2/server.rb

to match the patch <http://projects.theforeman.org/projects/foreman/repository/revisions/4963a970e3ee2a91835f4ab5a493179d96cdeedf>

Unfortunately I get a new error: "Unable to save - ip value is blank!".
I do not know if it helps...

- translation missing: en.field_release changed from 7 to 4

Although I'm bumping this particular fix to 1.5.0, I'm reverting the one that caused it ([#2270](#)) for Foreman 1.4.2 so this issue should become resolved.

[#2270](#) was reverted due to problems, I'm currently working on a better solution where we use Fog's ready?() function to wait a bit before asking for IPs
