

## Foreman - Bug #4729

### Importing subnet fails on unknown attribute

03/19/2014 08:25 PM - Ivan Necas

<b>Status:</b> Duplicate	
<b>Priority:</b> Normal	
<b>Assignee:</b>	
<b>Category:</b> DHCP	
<b>Target version:</b>	
<b>Difficulty:</b>	<b>Fixed in Releases:</b>
<b>Triaged:</b>	<b>Found in Releases:</b>
<b>Bugzilla link:</b>	<b>Red Hat JIRA:</b>
<b>Pull request:</b>	
<b>Description</b> 1. configure foreman proxy on dhcp 2. import subnet on the proxy 3. submit  Expected:  subnet created  Current:  Warning!  unknown attribute: 1	
<b>Related issues:</b> Is duplicate of Foreman - Bug #4731: Creating domain when organization select... <b>Closed</b> <b>03/19/2014</b>	

#### History

##### #1 - 03/20/2014 08:13 AM - Dominic Cleal

- Category set to DHCP

Any stacktrace in the logs? Which proxy DHCP provider?

##### #2 - 03/21/2014 04:11 PM - Ivan Necas

```
ActiveRecord::UnknownAttributeError  
unknown attribute: 1  
app/controllers/subnets_controller.rb:74:in `create_multiple'  
app/models/concerns/foreman/thread_session.rb:33:in `clear_thread'  
lib/middleware/catch_json_parse_errors.rb:9:in `call'
```

It was dhcpd provider, but I don't think it's related.

One thing I forgot to mention is I was in context of an organization.  
With 'any context' it didn't happen.

##### #3 - 03/31/2014 12:01 PM - Ivan Necas

- Status changed from New to Duplicate

Seems fix for <http://projects.theforeman.org/issues/4731> also fixed this one (will reopen, if I hit this again)

##### #4 - 03/31/2014 12:03 PM - Dominic Cleal

- Is duplicate of Bug #4731: Creating domain when organization selected produces duplicate key error added
