

Katello - Bug #4730

api v2 users controller should extend foreman controller

03/19/2014 08:27 PM - Thomas McKay

Status: Closed	
Priority: Normal	
Assignee: Thomas McKay	
Category: API	
Target version: Katello 2.0	
Difficulty:	Fixed in Releases:
Triaged: Yes	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description	
With dynamic bindings, there is no more /users vs. /katello/users path so all /users calls go to katello controller. Like organizations, any controllers for models that extend foreman core need to extend the foreman controllers. Users are one of these.
