

Katello - Bug #4783

The "human_readable_result" is no longer returned for tasks

03/21/2014 08:07 PM - Walden Raines

Status: Closed	
Priority: Normal	
Assignee: Manjiri Tapaswi	
Category: API	
Target version: Katello 2.0	
Difficulty:	Fixed in Releases:
Triaged: Yes	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description At some point the "human_readable_result" was removed from the task response even though the UI depended on it. We need to add that back.	
Steps to Reproduce <ol style="list-style-type: none">1. Execute an action that will produce a task2. Note lack of the human readable result

- Status changed from New to Closed

Unable to reproduce.

As per discussion on irc with Walden, the "human_readable_message" isn't part of the tasks details display, but a part of the system event details, which is likely to be removed in the future.
