Description	
<dimatha> Hello Guys! I'm getting the following error on the newly added host: "Import facts for 'SERVERNAME' completed. Added: 0, Updated: 3, Deleted 0 facts; Validation failed: Description has already been taken (ActiveRecord::RecordInvalid)" Any hints ?

- Related to Bug #4664: Autogenerated OS description for SLES is wrong when more then one architecture is used added

#2 - 03/24/2014 02:41 PM - Anonymous

- Subject changed from "Description has already been taken" for somenew SLES clients to "Description has already been taken" for some new SLES clients

As SLES doesn't have the Service Pack (minor version) in lsbdistdescription, a special case for SLES has to be implemented in the facts parser.
