Revision f5dc3036 - 03/26/2014 03:33 PM - Brad Buckingham

fixes #4874 - content view filter: display validation error to user

This commit is to ensure that validation errors when creating a new filter are displayed to the user. The approach used is similar/same as what is done with creating a new content view, in that the validation will be inlined in the form, such that the user may correct the error and resubmit.
