

Foreman - Bug #4884

link to gravatar image in a header have "https:///" instead of "https://"

03/26/2014 05:53 PM - Bryan Kearney

Status: Closed	
Priority: Normal	
Assignee: Bryan Kearney	
Category: Web Interface	
Target version: 1.5.0	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link: 1003520	Red Hat JIRA:
Pull request:	
Description	
Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1003520	
Description of problem: When I log-in using Opera browser, I do not see gravatar image close to my username in upper right corner of the screen. In Firefox, all is OK.	
Version-Release number of selected component (if applicable): SAM 1.3 snapshot #4	
How reproducible: always	
Steps to Reproduce: 1. Login to SAM, check your icon at upper right corner.	
Actual results: No icon there - HTML code looks like this: " class="gravatar"/>	
Expected results: " class="gravatar"/>	
Additional info: Looks like Firefox handles these three "/", but Opera not.

Revision ae095693 - 03/27/2014 07:16 AM - Bryan Kearney

Fixes #4884 : remove duplicate slashes from the gravatar url

The issue is that request.protocol returns [http:// instead](http://instead) of http. The code assumed no trailing slashes
