Katello - Bug #4922

system facts not updating via API

03/27/2014 07:49 PM - Thomas McKay

Status:	Closed		
Priority:	Normal		
Assignee:	Christine Fouant		
Category:	API		
Target version:	Katello 2.0		
Difficulty:		**Fixed in Releases:**	
Triaged:	Yes	**Found in Releases:**	
Bugzilla link:	1103860	**Red Hat JIRA:**	
Pull request:	https://github.com/Katello/katello/pull/4508		

Description

Passing facts during system creation in api succeeds, but subsequent calls to system update do not update the facts.

This has something to do with the attr_accessible and lazy_accessor in candlepin/consumer code perhaps? 'facts' are passed to system.update() but by the time they reach the call to candlepin they are nil and so existing facts remain unchanged in backend.
