Description	
When editing a vmware host, in virtual machine tab the nic type returned is always E1000 even if the host was created with vmxnet3.

Is duplicate of Foreman - Bug #4324: VMware NIC type incorrectly shows E1000 ...	Closed 02/12/2014

History

#1 - 03/28/2014 02:40 PM - Anonymous

- Subject changed from *Incorect Nic Type for VMware Hosts* to *Incorrect NIC type for VMware hosts*

I think that's a duplicate of [#4324](#). Could you try to patch your fog with <https://github.com/fog/fog/commit/7fa1873faace8c730434ed3d39251db8184c7131> and see, if that fixes your bug?

#2 - 03/28/2014 03:35 PM - Dominic Cleal

- Is duplicate of Bug #4324: VMware NIC type incorrectly shows E1000 instead of vmxnet3 added

#3 - 04/22/2014 12:42 PM - Dominic Cleal

- Status changed from *New* to *Closed*
