Description

In https://github.com/Katello/katello/pull/3901 we discussed moving all factories from a query action to:

queryPaged & queryUnpaged.

This PR only makes the change for Content Views, but this should be made across the entire application. Nutupane should also be updated to default to queryPaged instead of just 'query'.

Associated revisions

Revision 2be87270 - 04/16/2014 02:09 PM - Eric Helms

Fixes #4940: Updating to support queryPaged and queryUnpaged across the UI.

Introduces a new factory that wraps ngResource in order to add a centralized location to define methods that are shared across API resources. In this case, queryPaged and queryUnpaged is being added to all API resources for querying the API with paged and unpaged results.
