Pull request:			

Description

The more repositories and content view versions, the longer it takes to list the products page.

1. import manifest
2. enable kickstart, rpm and optional repos for rhel
3. promote a content view with these repos
4. list the products

Take 10s seconds to display

Associated revisions

Revision d4d8ad8f - 06/11/2014 11:06 PM - Eric Helms

Fixes #4964, #4963: Product json incorrectly grabbed all repositories.

The products rabl view switched the order of the node name and the scope to grab the data. Instead of calling 'library_repositories' and setting that equal to a 'repository' node in the JSON output, the view was getting all repositories and placing them at a library_repositories node. The consequences of this were that attempting to fetch a product list while a content view publish is occurring means that repositories outside the default content view are attempted to have their sync status checked before they ever exist in Pulp.

Revision 1451a84f - 06/12/2014 12:17 PM - Eric Helms

Merge pull request #4255 from ehelms/fixes-4964

Fixes #4964, #4963: Product json incorrectly grabbed all repositories.
