Katello - Bug #4964

Listing products is broken when content view publish in progress

03/31/2014 11:22 AM - Ivan Necas

Status:	Closed		
Priority:	Normal		
Assignee:	Eric Helms		
Category:	API		
Target version:	Katello 2.0		
Difficulty:	easy	**Fixed in Releases:**	
Triaged:	Yes	**Found in Releases:**	
Bugzilla link:	1108399	**Red Hat JIRA:**	
Pull request:			

Description

1. promote content view
2. list the products in the mean time
3. the products listing fails on 404 from Pulp, because the repo was not yet created in Pulp

```
RestClient::ResourceNotFound: 404 Resource Not Found
Body: {"http_request_method": "GET", "exception": null, "error_message": "Missing resource(s): res
ource_id=ACME_Corporation-Library-rhel-Red_Hat_Enterprise_Linux_Server-Red_Hat_Enterprise_Linux_6_
Server_RPMs_x86_64_6Server", "_href": "/pulp/api/v2/repositories/ACME_Corporation-Library-rhel-Red
_Hat_Enterprise_Linux_Server-Red_Hat_Enterprise_Linux_6_Server_RPMs_x86_64_6Server/history/sync/",
 "http_status": 404, "traceback": null, "resources": {"resource_id": "ACME_Corporation-Library-rhe
l-Red_Hat_Enterprise_Linux_Server-Red_Hat_Enterprise_Linux_6_Server_RPMs_x86_64_6Server"}}
/opt/rh/ruby193/root/usr/share/gems/gems/rest-client-1.6.1/lib/restclient/abstract_response.rb:48:
in `return!'
```

With respect to #4963, it would be nice to eliminate the number of calls needed for listing the products (and ideally not calling to pulp unless unnecessary), which should fix also this issue

Associated revisions

Revision d4d8ad8f - 06/11/2014 11:06 PM - Eric Helms

Fixes #4964, #4963: Product json incorrectly grabbed all repositories.

The products rabl view switched the order of the node name and the scope to grab the data. Instead of calling 'library_repositories' and setting that equal to a 'repository' node in the JSON output, the view was getting all repositories and placing them at a library_repositories node. The consequences of this were that attempting to fetch a product list while a content view publish is occurring means that repositories outside the default content view are attempted to have their sync status checked before they ever exist in Pulp.

Revision 1451a84f - 06/12/2014 12:17 PM - Eric Helms

Merge pull request #4255 from ehelms/fixes-4964

Fixes #4964, #4963: Product json incorrectly grabbed all repositories.
