

Katello - Bug #5027

content views: UI: unable to remove item from package group or errata filter

04/02/2014 02:16 PM - Brad Buckingham

Status: Closed	
Priority: Normal	
Assignee: Eric Helms	
Category: Content Views	
Target version: Katello 2.0	
Difficulty:	Fixed in Releases:
Triaged: Yes	Found in Releases:
Bugzilla link: 1079245	Red Hat JIRA:
Pull request:	
Description	
The content view filter 'Remove Errata' and 'Remove Package Group' buttons do not work, if attempting to remove an item that was just added.	
Scenario (for errata; however, same applies for package groups):	
<ol style="list-style-type: none">1. create a view2. associate a repo containing errata3. create an errata by id filter4. select several errata to add to the filter & 'Add Errata'5. click 'List/Remove'6. select a couple of errata to remove7. click 'Remove Errata', nothing happens	
Workaround: If the user reloads the view or filter, then they are able to remove items from it.
