

Foreman - Bug #5029

Cannot specify initial Organization or Location via Katello installer

04/02/2014 02:19 PM - Eric Helms

Status:	Closed	Fixed in Releases: Found in Releases: Red Hat JIRA:
Priority:	Normal	
Assignee:	Eric Helms	
Category:	Rails	
Target version:	1.6.0	
Difficulty:		
Triaged:		
Bugzilla link:	1125241	
Pull request:	https://github.com/theforeman/foreman/pull/1618	
Description		
Changes in the Katello installer post-enginification have resulted in the specification of initial seed data by a user being broken. This issue will requires updates to the Katello puppet module and the mechanism by which the seed script extracts those values.

Associated revisions

Revision 81ddcf5b - 06/25/2014 04:21 PM - Eric Helms

Refs #5029: Allow initial organization and location to be specified during seed.

Initial seed data can now be specified by running:

```
rake db:seed SEED_INITIAL_ORGANIZATION=MyOrg SEED_INITIAL_LOCATION=MyLoc
```

This also has the side effect of allowing creation of multiple org/location by running seed with different values for each.

Revision 3b2f176c - 06/25/2014 06:22 PM - Eric Helms

History

#1 - 05/06/2014 02:45 AM - Mike McCune

ideally the user could specify:

```
--admin-user=<username>
--admin-password=<password>
--first-organization=<defaults to ACME_Corporation>
--first-location=<defaults to Default>
```

#2 - 05/07/2014 10:08 PM - Mike McCune

One additional request:

set the first admin user's "Default" Org and Location to be the first-org and first-location specified above. This will ensure that org and location will be selected upon first login.
