How reproducible:	
Steps to Reproduce:	
1. hammer lifecycle-environment update --help	
2.	
3.	
Actual results:	

1. hammer lifecycle-environment update --help

Usage:

hammer lifecycle-environment update [OPTIONS]

Options:

--description DESCRIPTION description of the environment

--id ID The id

--id ID resource id

--name NAME The name of the resource

--new-name NEW_NAME new name to be given to the environment

--organization-id ORGANIZATION The ID of the organization which the resource belongs to

--organization-id ORGANIZATION_ID name of the organization

--prior PRIOR Name of an environment that is prior to the new environment in the chain. It has to be either 'Library' or an environment at the end of a chain.

-h, --help print help

Expected results:
