

Foreman - Bug #5120

Unable to migrate with ConstraintException with discovered hosts

04/09/2014 08:28 AM - Lukas Zapletal

Status: Closed	
Priority: Urgent	
Assignee: Lukas Zapletal	
Category: DB migrations	
Target version: 1.5.0	
Difficulty: easy	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description	
<p>A change (bb052243) introduced new migration which is not working correctly when there are discovered hosts. The migration will never go through, it's a one liner fix that can be done in the migration itself safely.</p> <p>The error message during migration is:</p> <p>SQLite3::ConstraintException: NOT NULL constraint failed: hosts.managed:</p>
