Revision 670c1144 - 04/21/2014 03:42 PM - Brad Buckingham

fixes #5182 - Rename Systems to Content Hosts

This commit contains minor changes to rename Systems to Content Hosts (i.e. system -> content-host). Note: although the command name is changing, the CLI will continue to use the 'systems' API.

This commit does not address renaming System Groups as that will be handled separately.
