<b>Description</b>	
<p>From the Systems Groups page, when the user clicks on the system count, I assume that it should open that group with the user landing on the systems pane. That does not happen.</p>	
Scenario:	
<ol style="list-style-type: none"><li>got to Hosts -&gt; System Groups</li><li>view a list of system groups exists w/ name, system count and limit shown</li><li>attempt to click the system count</li></ol>	
<p>Observe a javascript error in the browser console similar to the following: Error: Cannot transition to abstract state 'system-groups.details.systems' at Object.transitionTo (<a href="http://fortello.devel:3000/assets/bastion/angular-ui-router/angular-ui-router.js?body=1:1976:39">http://fortello.devel:3000/assets/bastion/angular-ui-router/angular-ui-router.js?body=1:1976:39</a>) at Object.go (<a href="http://fortello.devel:3000/assets/bastion/angular-ui-router/angular-ui-router.js?body=1:1855:19">http://fortello.devel:3000/assets/bastion/angular-ui-router/angular-ui-router.js?body=1:1855:19</a>) at <a href="http://fortello.devel:3000/assets/bastion/angular-ui-router/angular-ui-router.js?body=1:2945:20">http://fortello.devel:3000/assets/bastion/angular-ui-router/angular-ui-router.js?body=1:2945:20</a> at <a href="http://fortello.devel:3000/assets/bastion/angular/angular.js?body=1:13586:28">http://fortello.devel:3000/assets/bastion/angular/angular.js?body=1:13586:28</a> at completeOutstandingRequest (<a href="http://fortello.devel:3000/assets/bastion/angular/angular.js?body=1:4112:10">http://fortello.devel:3000/assets/bastion/angular/angular.js?body=1:4112:10</a>) at <a href="http://fortello.devel:3000/assets/bastion/angular/angular.js?body=1:4419:7">http://fortello.devel:3000/assets/bastion/angular/angular.js?body=1:4419:7</a> angular.js?body=1:9420</p>	
Expected behavior:	
system group opened to the systems pane
