Katello - Bug #5234

Content Dashboard: System Groups widget: links do not work

04/17/2014 04:49 PM - Brad Buckingham

Pull request:			

Description

The System Groups widget of the Content Dashboard includes links for 'Updates', 'Name' and 'Systems' (or 'Content Hosts'); however, none of the links work properly.

Scenario:
1. go to Monitor -> Content Dashboard
2. attempt to click any of the links in the System Groups widget
3. observe that they do not work. It appears that they are still coded to the legacy tupane page and they need to be updated for nutupane.
