Description

When deleting a host group, the parameters for a host group show up in the audit log as host groups themselves.

Related to Foreman - Bug #3054: host audits for parameters are labeled wrong	**New**	**09/09/2013**

History

#1 - 01/14/2018 03:35 PM - Tomer Brisker

This is also true of other parameter types, looks like parameters are missing clear indication that they are parameters.
