<b>Description</b>	
Cloned from <a href="https://bugzilla.redhat.com/show_bug.cgi?id=995940">https://bugzilla.redhat.com/show_bug.cgi?id=995940</a> ++ This bug was initially created as a clone of Bug #986867 ++	
Description of problem: If I click on particular Subscription in 'Systems' view I expect this subscription to be displayed (and id is even encoded in the link, e.g. <a href="https://host/sam/subscriptions#panel=subscription_8a70b2263ff60511013ff606febe01c9">https://host/sam/subscriptions#panel=subscription_8a70b2263ff60511013ff606febe01c9</a> ). However I get 'Subscriptions' window with no subscription selected (so acts the same as <a href="https://host/sam/subscriptions">https://host/sam/subscriptions</a> )

How reproducible: Always	
Steps to Reproduce: 1. Go to 'Systems', select particular system 2. Click on any subscription from System Current Subscription(s) or from Available Subscriptions	
Actual results: Window with all subscriptions opens without any selected subscription	
Expected results: Window with all subscriptions opens showing selected subscription
