# Katello - Bug #5526

## Content entities (puppet modules, packages, package groups, errata) need permission handling in the API.

## Associated revisions

### Revision 7ef987c6 - 05/23/2014 02:50 AM - Eric Helms

Fixes #5526: Ensure content APIs are properly permission wrapped.

Intent is for packages, errata, package groups, and distributions the
user has :view_products and can then see the content for any products/repos
they have access to. For content within a content view, the user needs
:view_content_views permission.

For repository sets, a user needs :view_subscriptions to show, index or
see available repository sets and :import_manifest in order to disable/enable.

### Revision e0cb9bcf - 05/23/2014 06:10 PM - Eric Helms

Merge pull request #4142 from ehelms/fixes-5526

Fixes #5526: Ensure content APIs are properly permission wrapped.
