Fixes #5541 - disallow taxonomy assignment

If a filter resource does not support taxonomy assignment, we don't allow to assign them to filter.

Could you please retest with develop branch? I think this was fixed in [#5664](#) since you can't set taxonomy filters for resources that do not support it. See <https://github.com/theforeman/foreman/commit/82b4749eeddabc542ebf1eaec6fdf2d76d2fdd75> for more details.

While this has been fixed via taxonomy hiding for resource types that don't support it, the bug is still possible the API. For example,

POST /api/v2/filters

```
{
  "role_id": 9,
  "permission_ids": [98],
  "organization_ids": [1]
}
```

```
Result: {
  "id": 152,
  "search": null,
  "resource_type": "Organization",
  "unlimited?": true,
  "created_at": "2014-08-14T13:12:59Z",
  "updated_at": "2014-08-14T13:12:59Z",
  "role": {
    "name": "Test Role",
    "id": 9
  },
  "permissions": [
    {
      "name": "edit_organizations",
      "id": 98,
      "resource_type": "Organization"
    }
  ],
  "organizations": [
    {
      "id": 1,
      "name": "Default_Organization"
    }
  ]
}
```

```
}  
],  
}
```
