

Foreman - Bug #5566

Fact Values Query Produces Error

05/05/2014 01:06 AM - Paul Calabro

Status: Closed	
Priority: Normal	
Assignee: Joseph Magen	
Category: Search	
Target version: 1.5.2	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases: 1.5.0
Bugzilla link: 1093151	Red Hat JIRA:
Pull request:	
Description	
When issuing the following query: fact = network_address <any string goes here>	
I receive the following trace:	
ActiveRecord::StatementInvalid PGError: ERROR: syntax error at or near "OR" LINE 1: ...ub01%' OR "fact_names"."name" ILIKE '%dub01%' OR OR "hostgr... ^ : SELECT DISTINCT "fact_values".id, "fact_values"."value" AS alias_0 FROM "fact_values" LEFT OUTER JOIN "fact_names" ON "fact_names"."id" = "fact_values"."fact_name_id" LEFT OUTER JOIN "hosts" ON "hosts"."id" = "fact_values"."host_id" AND "hosts"."type" IN ('Host::Managed') LEFT OUTER JOIN "hostgroups" ON "hostgroups"."id" = "hosts"."hostgroup_id" LEFT OUTER JOIN "hosts" "hosts_fact_values" ON "hosts_fact_values"."id" = "fact_values"."host_id" AND "hosts_fact_values"."type" IN ('Host::Managed') INNER JOIN "fact_names" fact_names_364687 ON (fact_names_364687.id = fact_values.fact_name_id) WHERE (fact_names.name <> '_timestamp') AND ((fact_names_364687."name" =)) AND (("fact_names"."name" = 'network_address') AND ("fact_values"."value" ILIKE '%dub01%' OR "fact_values"."value" ILIKE '%dub01%' OR "fact_names"."name" ILIKE '%dub01%' OR OR "hostgroups"."name" ILIKE '%dub01%' OR "fact_names"."short_name" ILIKE '%dub01%')) ORDER BY "fact_values"."value" ASC NULLS FIRST LIMIT 150 OFFSET 0 app/views/fact_values/index.html.erb:15:in `app_views_fact_values_index_html_erb___1537369141514873972_74205940' app/models/concerns/foreman/thread_session.rb:33:in `clear_thread' lib/middleware/catch_json_parse_errors.rb:9:in `call'	
If I change the query to: fact = network_address and host = <FQDN goes here>	
it works fine.
