Triaged: Yes	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description	
There doesn't appear to be a way to update a system group. For example, update name, description, max, group membership...etc. (Note: system-group is currently in the process of renamed to host-collection) E.g. hammer> system-group --help Usage: system-group [OPTIONS] SUBCOMMAND [ARG] ... Parameters: SUBCOMMAND subcommand [ARG] ... subcommand arguments Subcommands: copy create Create a system group delete Destroy a system group info Show a system group list List system groups Options: -h, --help print help hammer>

Revision 04fe0a8d - 05/09/2014 05:45 PM - Brad Buckingham

fixes #5601, #5603 - host-collections: add support for update and add/remove-content-host

This commits add support for the following commands:

```
host-collection update
host-collection add-content-host
host-collection remove-content-host
```

Revision 8bba2091 - 05/09/2014 05:50 PM - Brad Buckingham

refs #5601, #5603 - host collections - updates to support cli

This commit contains a couple of minor changes to help support the cli host-collection update, add-content-host and remove-content-host commands. They will also be useful for API users.
