

Katello - Bug #5697

CLI system commands ignore --environment option

05/13/2014 03:53 PM - dustin tsang

Status: Closed	
Priority: Normal	
Assignee: dustin tsang	
Category: Hammer	
Target version: Katello 2.0	
Difficulty:	Fixed in Releases:
Triaged: Yes	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description	
https://bugzilla.redhat.com/show_bug.cgi?id=985393	
Description of problem:	
some CLI system commands ignore given --environment for example a) system list --org org --environment dev lists all systems not only systems from given environment b) when I register two systems with the same name but in different environments then system info --org org --name sys --environment env returns: Found ambiguous Systems [sys] in Org [org] ... but it is unique system in that environment c) commands does not care, that given system is in different environment e.g. system info --name system --environment Library --org org Name : system ... Environment : env ... commands with the same behaviour: facts, info, packages, unregister, update Version-Release number of selected component (if applicable): katello-1.4.2-18.el6sat.noarch katello-candlepin-cert-key-pair-1.0-1.noarch katello-agent-1.4.3-1.git.1.24fe511.el6.noarch katello-certs-tools-1.4.2-2.el6sat.noarch katello-configure-1.4.3-16.el6sat.noarch katello-glue-pulp-1.4.2-18.el6sat.noarch katello-all-1.4.2-18.el6sat.noarch katello-cli-common-1.4.2-8.el6sat.noarch ruby193-rubygem-foreman-katello-engine-0.0.8-6.el6sat.noarch signo-katello-0.0.19-1.el6sat.noarch katello-glue-elasticsearch-1.4.2-18.el6sat.noarch katello-configure-foreman-1.4.3-16.el6sat.noarch katello-foreman-all-1.4.2-18.el6sat.noarch katello-qpид-client-key-pair-1.0-1.noarch katello-cli-1.4.2-8.el6sat.noarch ruby193-rubygem-katello_api-0.0.3-2.el6_4.noarch katello-common-1.4.2-18.el6sat.noarch katello-selinux-1.4.3-3.el6sat.noarch katello-glue-candlepin-1.4.2-18.el6sat.noarch ruby193-rubygem-katello-foreman-engine-0.0.3-6.el6sat.noarch katello-qpид-broker-key-pair-1.0-1.noarch	

How reproducible:
always

Steps to Reproduce:

- 1.
- 2.
- 3.

Actual results:
