

Foreman - Bug #5724

Items I cannot edit should not appear as if I can click on them in the UI

05/14/2014 06:10 PM - Eric Helms

Status:	New	
Priority:	Normal	
Assignee:		
Category:	Users, Roles and Permissions	
Target version:		
Difficulty:		Fixed in Releases:
Triaged:		Found in Releases:
Bugzilla link:		Red Hat JIRA:
Pull request:		
Description		
Scenario:		
<ol style="list-style-type: none">1. Create two domains, katello.org and foreman.org2. Create a new role3. Add a filter to the role that has :view_domains permission4. Add a filter to the role that has :edit_domains, name = katello.org5. Give this role, and only this role to a new user6. Log in as that user7. Access the Domains page		
Issues:		
<ol style="list-style-type: none">1. Both foreman.org and katello.org appear as links I can click on, but only clicking on katello.org triggers anything2. I am able to view foreman.org from my permission but I am not able to view the details of foreman.org through the UI
