

## Katello - Bug #5765

### UI doesn't display repos under content tab of CV

05/16/2014 07:20 PM - Brad Buckingham

<b>Status:</b> Closed	
<b>Priority:</b> Normal	
<b>Assignee:</b> Eric Helms	
<b>Category:</b> Web UI	
<b>Target version:</b> Katello 2.0	
<b>Difficulty:</b>	<b>Fixed in Releases:</b>
<b>Triaged:</b> Yes	<b>Found in Releases:</b>
<b>Bugzilla link:</b> 1086187	<b>Red Hat JIRA:</b>
<b>Pull request:</b>	
<b>Description</b>	
Cloned from <a href="https://bugzilla.redhat.com/show_bug.cgi?id=1086187">https://bugzilla.redhat.com/show_bug.cgi?id=1086187</a>	
Description of problem:	
I was trying to add repo to a CV via automation and every time test fails as UI doesn't displays repos under 'Add' tab of CV.	
This happens only when you navigate CV first time after creation. So please follow steps to reproduce and use search as mentioned in steps.	
Version-Release number of selected component (if applicable):

How reproducible:  
always for me

Steps to Reproduce:

1. create a product/repo and sync it
2. go to CV page and create a content-view e.g. cv-test
3. in search bar, type the name in quotes like: "cv-test"
4. click on the cv-test name filtered by search
5. select content --> repository --> add

Actual results:

Ui doesn't display repos under content --> repository --> add  
when you first time navigate CV as per above steps

Expected results:

UI should display the repos when you first time navigate to CV

Additional info:

This happens only when you select CV first time after creation. Let's say for first time UI doesn't show, now if you reselect the org in which it was created and again navigate the CV--> content--repo--> add tab, You will see repo listing.
