<b>Description</b> With the permissions here <a href="https://github.com/Katello/hammer-cli-csv/blob/master/test/data/roles.csv#L120">https://github.com/Katello/hammer-cli-csv/blob/master/test/data/roles.csv#L120</a> , which I believe should be org admin user cannot select the their org in the /organizations UI page. The link displayed is simply <a href="http://localhost:3000/organizations/#">http://localhost:3000/organizations/#</a> while the correct link would be <a href="http://localhost:3000/organizations/3-mega-corporation/edit">http://localhost:3000/organizations/3-mega-corporation/edit</a>

- Status changed from New to Need more information

I can't reproduce this, a simple user with the following unlimited permissions has links to edit orgs: view\_organizations, create\_organizations, edit\_organizations, destroy\_organizations, assign\_organizations
