Description

With the permissions here https://github.com/Katello/hammer-cli-csv/blob/master/test/data/roles.csv#L120 , which I believe should be org admin user cannot select the their org in the /organizations UI page. The link displayed is simply http://localhost:3000/organizations/# while the correct link would be http://localhost:3000/organizations/3-mega-corporation/edit

I can't reproduce this, a simple user with the following unlimited permissions has links to edit orgs: view_organizations, create_organizations, edit_organizations, destroy_organizations, assign_organizations
