

## Katello - Bug #5801

### updating the host collection limit below to already added content-host should throw a validation error

05/19/2014 09:25 PM - Brad Buckingham

<b>Status:</b> Closed	
<b>Priority:</b> Normal

<b>Bugzilla link:</b> 1098418	<b>Red Hat JIRA:</b>
<b>Pull request:</b>	
<b>Description</b>	
Cloned from <a href="https://bugzilla.redhat.com/show_bug.cgi?id=1098418">https://bugzilla.redhat.com/show_bug.cgi?id=1098418</a>	
Description of problem:	
I've created a host collection with content-host limit 10. And I've successfully added two content host in the selected collection.	
Later, when I tried to reduce the limit to '1' which is less than the already added number of hosts, it was correctly updated and notification says: Host collection updated.	
But when I navigate away and come back on same page then found the system limit was still set to what it was originally i.e. 10 in this case.	
So ideally, UI should throw a validation error if I set the limit below to already added host.	
Version-Release number of selected component (if applicable):	
Satellite-6.0.3-RHEL-6-20140508.1

- rubygem-hammer\_cli\_katello-0.0.3-22.el6sat.noarch

How reproducible:

always

Steps to Reproduce:

1. create host collection with limit 10
2. added two content-host to create collection in step1
3. now update the collection limit to 1

Actual results:

limit was correctly updated and notification says: Host collection updated.

But when I navigate away and come back on same page then found the system limit was still set to what it was originally

Expected results:

UI should throw validation error.

Additional info:

no errors in production.log

## Associated revisions

### Revision 58a5e3d3 - 05/23/2014 08:35 PM - Brad Buckingham

fixes #5801 - host collection ui - update errors should be shown on UI

The validations were being executed; however, the errors were not being returned to the client due to how update\_attributes was being used.

Now (for example), if a user has 3 content hosts in a collection and they try to set the max content hosts to 2, they will get an error back.

### Revision 09825178 - 05/27/2014 11:44 AM - Brad Buckingham

Merge pull request #4154 from bbuckingham/issue-5801

fixes #5801 - host collection ui - update errors should be shown on UI
