

Katello - Bug #5846

unable to update content-view for activation keys

05/21/2014 12:03 AM - Brad Buckingham

Status: Closed	
Priority: Normal	
Assignee: Partha Aji	
Category: Web UI	
Target version: Katello 2.0	
Difficulty:	Fixed in Releases:
Triaged: Yes	Found in Releases:
Bugzilla link: 1097233	Red Hat JIRA:
Pull request:	
Description	
Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1097233	
Description of problem:	
Unable to update content-view for activation keys.	
Version-Release number of selected component (if applicable): beta-snap4/2014-05-08.1	
How reproducible:	
Steps to Reproduce:	
1. Have multiple cv's.	
2. Create an activation key	
3. Try updating the content-views	
Actual results:	
Updating the content-view would raise a success alert, but upon checking the content-view value in the UI, it remains the same.	
Expected results:	
Updating content-view for activation-keys needs to be successful. also there should be no alert when the content-view was actually not updated.

Revision 0e8b8eb2 - 05/21/2014 01:09 AM - Partha Aji

Fixes #5846 - CV index sql error

The readable pluck call in the Content Views Controller previously did not specify the table name for the id.

So a SQL error was being raised in the AK page when a list of content views were requested from the server. Fixed this by specifying the table name in the pluck call

Revision 33f6d941 - 05/21/2014 01:35 AM - Partha Aji

Merge pull request #4126 from parthaa/cv-fix

Fixes #5846 - CV index sql error
