Foreman - Bug #5848

Can't search for host with class inherited from config group

Pull request:			

Description

Hi,

I updated the foreman to 1.5 and I am making some tests with configs group.

Add a config group to a host or hostgroup is working, but
1/ I am unable to list hosts where puppet classes are inherited from config group.
2/ I am unable to list hosts where puppet classes are inherited from a config group included in the host group.

Let's say, I have a host named "myserv" with:
- a class (rule100) added for this host
- a class (rule1) inherited from hostgroup
- a class (rule80) inherited from a config group which was added only for this host.
- a class (rule21) inherited from a config group which was added in the host group.

If I go to foreman web interface > hosts -> all hosts. Then if I want to filter by class typing :
"class=rule100" on the filter field, I can find my host. The same with a class (rule1) inherited from group.
- class=rule21, I can't find my host (class inherited from a config group which was added in the host group). The same with class=rule80 (class inherited from a config group which was added only for this host).

I am using admin account to be sure I have full rights. Using debug mode, I can see that there is no SQL request looking on config_group_classes and config_group tables while I am doing my research.

Regards,

Elodie

- Status changed from Assigned to Ready For Testing

Can you check out this patch at https://github.com/theforeman/foreman/pull/1461
if it works for you.

#5 - 05/21/2014 12:36 PM - Elodie B

It works, thanks you !

#6 - 05/21/2014 01:06 PM - Elodie B

In fact, I can see my host, but I have much more results than expected (where the puppet class is not included in hosts)

#7 - 06/08/2014 11:39 AM - Joseph Magen

Elodie, are you saying the the results are incorrect and some hosts don't have the puppetclass whether directly, inherited through hostgroup or through config group?

#8 - 06/11/2014 02:53 PM - Anonymous

- Target version changed from 1.8.2 to 1.8.1

#9 - 06/13/2014 12:09 PM - Dominic Cleal

- Has duplicate Bug #6209: search for puppet class has no result when in config group added
