

## Foreman - Bug #5850

Allow user to select hosts when any of actionable permissions are applied.

05/21/2014 11:06 AM - Kamil Winczek

<b>Description</b>	
User should be able to select one or more hosts on the list of hosts if it has any of actionable permissions applied to him. At the moment puppetrun_hosts permission does not allow user to select any number of hosts but {edit,destroy}_hosts does.

The authorized? method in app/helpers/hosts\_helper.rb controls whether host checkboxes are disabled or not.
