

Foreman - Bug #5854

org creation non-admin normal user doesn't add the org name in org switcher

05/21/2014 02:59 PM - Joseph Magen

Status: Closed	
Priority: Normal	
Assignee: Joseph Magen	
Category: Organizations and Locations	
Target version: 1.6.0	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link: 1070638	Red Hat JIRA:
Pull request:	
Description	
Description of problem: I was trying org selection using normal user. I logged in with normal user (who has permissions to create org) and created an org. But I could not select it from left top org selection list. Looks like a rendering issue.	
Version-Release number of selected component (if applicable):	
How reproducible: always using Firefox 26.0 also with chrome Version 32.0.1700.107	
Steps to Reproduce: 1. login with admin user and create a normal user 2. create a role and assign all org related permissions to it 3. assign the role created in setp2 to normal user 4. login with normal user 5. create organization 6. select org from top left selection list	
Actual results: UI doesn't show created org	
Expected results: Org should be selected from the selection list	
Additional info: With admin user, I don't find any such issue.
